

INTERIOR DESIGN CONSULTANT

Award winning Design firm that specializes in Hospitality / Commercial Design, Interior Merchandising and Residential Design is looking to add to our talented staff. We are seeking a Consultant Interior Designer for the Hospitality/Commercial Design Team. Position for commercial / hospitality projects currently include (but may not be limited to) Clubhouses, Amenity Buildings for Residential Communities, Sales Centers and Fitness Centers Recreation Centers.

Full time, Contract Position for 2017

Qualifications:

BFA or BS in Interior Design from a CIDA (formally FIDER) accredited program, 1 to 3 years' experience.

Skills:

Design demands the ability to respond and react to this fast paced industry with exceptional skills for follow through. A thorough understanding of the design process is necessary. Our standards will be trained and overseen by senior staff members of the department, selected candidate will be coached to grow and succeed in the position. Our team members are collaborative, creative, professional, dedicated and driven. Joining our team requires self-motivation, leadership, teaming, initiative, humor and love of interior design.

Job Description:

While working directly with KTI's senior staff members, the consultant designer position requires performance of a broad variety of design tasks. Candidates must have excellent graphic, written and verbal communication skills and possess a strong desire to excel and lead in a fast paced, challenging and client-focused environment.

Requirements and Responsibilities (but are not limited to):

- 1 to 3 years' experience preferred.
- BFA or BS degree in Interior Design
- Exceptional graphic presentation abilities and ability to communicate effectively in project presentations and in writing
- Fluent knowledge of AutoCAD and Revit are required for the design consultants' responsibilities. Knowledge of SPEXX, InDesign, Photoshop, Sketch Up and QuickBooks are also desired.
- Ability to work as a team member, working with senior staff members on tasks such as:
 - Provide support for completion/ execution of design concepts with electronic drafting for project documentation utilizing Revit and / or AutoCAD with senior staff member's direction.
 - Providing support for writing FF&E Specifications and assist in tasks for the procurement process; create, collect and organize RFQ's, produce FF&E specifications with senior staff member's direction.
 - Assist with ordering materials, gathering pricing, preparing for project presentations and other similar tasks will be required.
- Must have the ability to juggle multiple projects and support multiple senior staff at the same time.
